Kierin NYC says:

Intertwined like vines, we stroll through the park. Leaves releases their woody fragrance. Under a canopy of trees, in the centre of it all, we are a million miles from city life. Music from impromptu drum circles, the rhythm of runners' footsteps, diverse languages fill my ears like poetry. This retreat into nature refreshes my soul. The sun smiling down upon us, I pull my loved one close. In synchronicity, we breathe. Refresh your soul...

Santal Sky is an amazing, thoughtful scent with a touch of irreverence. Woody, intimate and serene fragrance and bound with earthy vibrancy, it refreshes the soul and embodies a calm heart in the fast beat of city streets.
